

The Picture Perfect Times

FALL 2023

A Newsletter from
Picture Perfect Landscape & Christmas Decor

*Celebrating 31 years of
quality landscape services*

From Kim, myself, and our whole team, we want to thank all of our customers for another great (but crazy weather extremes) year. We hope your summer has been a good one and you have been able to get away for a bit this year. As the weather starts to cool down it can be a great time to access your home and any needs you may have for this fall. Ron owner

We only have 4 weeks left of our landscape season!

We have had to move back our start date for our holiday lighting season due to crew training and which will be starting this year on September 18th. This means the week of September 11th will be our last week for landscaping projects and services to be completed so please contact us if any questions or concerns.

Our main goal is to always be available to service our existing customers first. So we wanted to get this out to all of our clients while the weather is still nice, since folks are getting back from vacations and the kids are going back to school. With the cooler evenings and the rainfall being as good as it has been this year it's an optimal time for all fall planting projects, renovations or lawn repairs you have been thinking about after 2 years of drought.

Give us a call to discuss or make an appointment to look at your next project. There is still plenty of time to enjoy this year.

Our Mission: To have the vision, the right people, client communication, the experience & the most productive tools and processes to achieve one goal. To be able to give you the best service!

Fall Is The Time For:

New Or Replacement Paver Walkway to
Update Your Entrance Area

Before

After

Front Renovation

Patios & Fire Pit Areas
cleanup under your
deck or outside your
basement walkout for
more usable space

Let us create a room like this for your back yard.

Dining Area

Fire Pit Area.

Clean Outdoor Space

Update the front of your home with three seasons of color and texture. Cobblestone edging for beds gives added curb appeal.

Little changes can make a Big Difference:

Replace Shrubs that are blocking airflow to your AC units or generators.

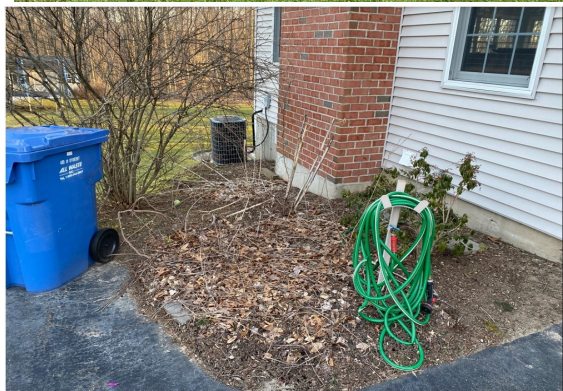

Switch out hard to mow lawn areas or Mulch Areas to Stone for easier maintenance.

Plantings Of Any Kind:
Front of house planting renovations
Plant Bed Pruning & Maintenance
Privacy Hedges
Back yard Plantings
Lawn Seeding and Repair.

Remove old shrubs, Add some new plants, install stepping stones for hose areas, and finally mulch makes things pop!

Services We Offer... Walkways Patios and Outdoor Areas-custom designed and installed Landscape Plantings Plant bed pruning, edging, and mulching; also privacy screening trees and lower maintenance plantings Retaining Walls, Playscape or Shed Area and Water Features: PONDLESS Waterfalls, Ponds, Streams and Fountains and Christmas Décor Holiday Decorating & Lighting Services

With record breaking rainfall this year many peoples plant beds are out of control. Now is a great time to get them back in shape and nice and tidy. Both for appearance and to help your protect your plants to take on the weight by having solid surface area versus being leggy which can not bear ice or snow and will get damaged during storms. Or perhaps you're ready for a fresh new look altogether? Work smarter not harder is our motto when it comes to landscaping.

Let's talk possibilities!

**Christmas
Decor**
